

Product Description ICR-0014™ Spirit Wipe Fast and ICR-1402™ Spirit Wipe Slow pre-paint wipes are additive free, virgin petroleum distillates for removing contaminants such as wax and grease from vehicle panels prior to painting. Poor preparation can cause many future problems; to achieve a long lasting, professional finish it is essential to thoroughly clean and prepare the surface to be painted.

Components

ICR-0014 (Fast)
ICR-1402 (Slow)

Substrates

• Bare Metal

Sanded and cured: • Primer • Paint
• Fiberglass • SMC

NOTE: Do not use on plastic.

Mix Ratio

Ready to use.

Application

Saturate a clean, dry, lint-free, soft cloth with ICR-0014 or ICR-1402. Apply the product to a 2–3 sq. ft. area. While the surface is still wet, wipe dry with a second clean, soft cloth to ensure removal of all contaminants.

NOTES: In Canada, ICR-0014 and ICR-1402 may only be used for initial cleaning of surface prior to sanding. Product must be used in a pressurized airless sprayer (pumptainer) in accordance with local VOC regulations.

Be aware that your hands can transfer body oils and salts; avoid touching the vehicle with your bare hands. Change cloths often during application.

Check with local Air Quality Regulations before use.

Special Notes / Clean Up

Clean Up Dispose of product according to state, local and federal regulations.

Health and Safety

For professional use only. KEEP OUT OF REACH OF CHILDREN. WARNING! CONTENTS ARE FLAMMABLE. VAPOR AND SPRAY MIST IS HARMFUL. SKIN AND EYE IRRITANT.

Do not handle the Pro-Spray products until the Material Safety Data Sheets have been read and understood in their entirety. Ensure that all employees are trained on Material Safety Data Sheets and all chemicals with which they come into contact. The manufacturer recommends the use of an air-supplied respirator when exposed to vapors or spray mist. Wear protective clothing, gloves and eye safety with a side shield.

This data sheet information is given in good faith but without warranty. The information contained herein represents the current state of our knowledge and is intended as a guide to our products and their uses; it is not intended for insurance of certain product properties or of their specific applications.

Follow all warnings on product labels.
